

Dear Sir or Madam,

My name is Isaac Galvan, and I am a high school student interested in hands-on careers such as welding, construction, electrical work, and HVAC. I am writing to introduce myself and to express my interest in opportunities—such as internships, job shadowing, or entry-level work—that would allow me to gain experience and continue developing my skills.

I am a responsible and hardworking student who takes pride in doing quality work. I enjoy learning new skills and challenging myself to improve. In addition to my interest in the trades, I have experience with HTML, CSS, and JavaScript, which have strengthened my problem-solving and critical-thinking skills.

During high school, I participated in football, tennis, and track, where I developed discipline, teamwork, and perseverance. I also earned recognition in tennis, including a doubles medal and a second-place finish in the West Sierra League Varsity Boys Tennis competition.

After graduation, I plan to attend college or trade school to pursue a career in a skilled trade. I am eager to learn from experienced professionals and contribute positively to a team.

Thank you for your time and consideration. I would appreciate the opportunity to speak with you or learn more about available opportunities.

Sincerely,

Isaac Galvan
